MOTHERS' DESTINY.
TIME WRITES ON FACES.
BEER DEARER, JUDAS SAD.
BEWARE OF DIET FADS.

—By Arthur Brisbane—

(Copyright 1930 By King Features Syndicate, Inc.)

YESTERDAY was Mother's Day. Florists sold more flowers. Mothers, probably got a few more prefunctory kisses than usual. But Mother's Day does not change the destiny of mothers.

They are here to create the children, care for them while they are helpless, watch their success, at a distance, when they succeed, and take them in, as failures, when they fail.

HOWEVER, A HUMAN mother's fate might be worse, a wolf, two years old, will help eat its mother if she is badly wounded. And the young of the scorpin cling to their mother's back, as she walks with them in the sunlight, gradually devouring her body until nothing is left but the empty shell. That at least is the reputation they bear.

What time does to our faces you may learn from two photographs of Masefield, new poet laureate of England. The first shows Masefield when he tramped the roads, worked in a New York barroom and wrote in verse, of his devotion to the wrokingman and tramp.

Then his hair was thick, his eyes flashed, his face was thin.

Now his hair is thin, his face fatter, eye calmer. The changed face depicts a changed mind. The Masefield appointed poet laureate by the former working man, MacDonald, in the name of King George, is not the Masefield that was barroom worker and friend of the workingman. We go with time and time transforms us.

DR. LEOPOLD STIEGLITZ, brilliant physician, one of the ablest diagnosticians in America said, speaking to this writer as a patient, not as a newspaper man:

"Beware of one-sided diets." He included vegetarianism in his warn-

### Electric Furnace In Enameling Division To Aid Production

C. C. Gibson, president of the Mullins Manufacturing corporation announced today that his company had acquired the local plant of the American Steel and Wire company and will immediately occupy this plant in the manufacture of steel boats and other new products which the company is getting ready to place on the market.

In recent months the Mullins Manufacturing corporation has been very busy in the development of several new lines that promise to add greatly to the volume of its business and it is anticipated that the entire capacity of this new plant will be fully used and furnish employment for many additional men.

**Business Future Good**

When asked as to general business conditions, Mr. Gibson stated that while production was comparatively light owing to the slowing up in the automobile business, every indication was that general business conditions were improving and with the new lines developed by their company, they anticipate a large increase in their business as soon as general business conditions return to anywhere near normal.

Mr. Gibson also stated that his company was installing a new electric furnace that would double the capacity of the enameling department, this having been made necessary by the additional wash tub business that had been secured together with other enameled products.

## THREE KILLED IN GUN BATTLE AT CLEVELAND

### Two Bandits, Proprieter Of Beer Flat Die In Gunfire

### STATE ATTORNEY BADLY WOUNDED

### Two Robbers Escape As Guns Roar; Women Are Present

(By The Associated Press)

CHICAGO, May 12.—Three men were shot dead in a trap laid by police officers in a North Clark st. beer flat early today.

The proprietor of the place, Jack Hayes, and two of the four gunmen who attempted to rob him, were the men killed. Joseph Altmeier, special investigator for the state's attorney's office, was seriously wounded.

Altmeier said that the two robbers who escaped also had been struck by bullets.

The beer flat is at 3258 North Cark st, just north of Belmont ave. Altmeier, who specializes in extortion cases for the state's attorney, was hidden in the flat with four other officers.

**Enter Beer Flat**

The robbers entered the place at 2:30 a. m., flourished guns and demanded money. Hayes resisted and before the police officers could open fire, Hayes was down, a bullet through the heart.

The police guns began pouring lead at the robbers, two of whom dropped. One of the men killed was a negro. He had sought to barricade himself behind a partition.

Several women were present, including Hayes' wife and his niece, and the officers were handicapped by fear of wounding them.

Although scores of shots were fired, the action took place so quickly it was over in less than a minute.

## Traffic Death Toll For Week-End Placed At 6

(By The Associated Press)

Six persons were killed in Ohio's Sunday traffic.

The dead were:

John Edmund Strapp, 6, Columbus; Oscar Kindle, 50, Dola, O.; William P. Whitemyer, 49, Akron; Orrville Wilson, 35, Fairview, W. Va.; William Fisher 28, Akron, and Andrew Gluszyk 43, Cleveland.

The wife and infant child of Fisher looked on as he was struck by another car while fixing a tire beside the road near Litchfield, Medina county, Sunday afternoon. The second car, driven by Henry Gerak of Litchfield, hit Fisher's machine and careened into Fisher. He died two hours later in a hospital at Lodi.

The Strapp boy, son of Mr. and Mrs. Thomas B. Strapp, and Wilson both were killed when struck by automobiles while crossing Columbus streets.

Kindle met death when he asked Cliff Hinkle, with whom he was riding near Kenton, for a match. In reaching for the match, Hinkle who was driving, lost control of the machine and it went nito a ditch. Kindle was fatally hurt, while Hinkle escaped with minor bruises.

Whitmyer was struck and killed while walking along a highway near the Portage-Summit county line. The driver of the car was exonerated.

Gluszyk was run down and instantly killed as he crossed a street in Cleveland.

## TEXAS TOWN IN NORMAL STATE AFTER RIOTING

### Sixteen Held In Prison Awaiting Action Of Federal Court

### GUARDSMEN ARE HELD FOR DUTY

### Gatherings In Groups Of Over Three Broken Up During Sunday

SHERMAN, TEX., May 12.—A military court was called here today to inquire into action of a mob which Friday night fired the court house, killed a Negro who had attacked a white woman, and then destroyed three blocks of property in the Negro section.

Colonel Lawrence E. McGee, commanding officer of national guardsmen who took charge of the city Saturday night under Governor Dan Moody's martial law proclamation, said he would leave nothing undone to "get at the bottom" of the occurrences.

Sixteen men were held awaiting action of this court. Fourteen of the prisoners also were charged by federal officers with violation of the prohibition laws. Other arrests were expected to follow.

A coroner officially declared George Hughes, the mob's victim to have been suffocated in a record vault in the court house. His body, nevertheless, was dragged through the streets and then burned at a prominent corner in the Negro district.

**Resumes Normal Activities**

Sherman today was beginning to resume its normal activities. Guardsmen, however, still were stationed at the corners of the court

## Hopkins Restraining Petition Denied; Now Up To Salem Council

### *Touch System Must Be Used Here*

SEATTLE, WASH., May 12.—One must know the touch system in order to "touch" the cash register over which Mrs. H. Jensen presides in a restaurant here.

A holdup man who used only the "hunt and peck" system tried it last night when Mrs. Jensen refused to open the register. The patrons saw what was happening and got uneasy. As they began to scoot through the exits the holdup man hunted and pecked frantically but in vain and then fled.

### Need Of Boundaries Being Changed Is Evident, Ruling

### JUDGE ON TRIP OVER TERRITORY

### Perry Area In Need Of City Aid, He Indicates

Declaring that if any city extension project was ever justifiable, the extension of Salem's city boundaries is, Common Pleas Judge W. F. Lones today refused the petition of J. H. Hopkins, Perry county resident, which would have restrained the city of Salem from extending its limits to include a portion of the built-up territory in Perry township adjacent to the city.

In considering the petition for the injunction Judge Lones, accompanied by Court Baliff James G. Stevenson, made a trip through the territory in question.

Salem was complimented for the number of excellent roads leading into the city, in the court's ruling.

These roads are well built up and in addition to having the advantage of Salem schools next year, the people of the area involved trade in Salem, are employed, attend churches and have vital interest in the city and are really a part of it, the ruling stated.

**Needs Fire, Police Protection**

The area, which would be included in the proposed city extension plans, is in need of fire and police protection which Salem could offer and installation of sewers is a necessary sanitary measure, the ruling included.

In one instance Judge Lones pointed out a factory which was not in, but adjacent to, the city and would be without fire and police protection unless Salem agreed to furnish it.

Township taxes would be increased but three-tenths of a mill, the judge explained.

Proceedings of Salem before the county commissioners were entirely regular, but a clerical error was found in Salem's petition which had no bearing on the acceptance or rejection of the Perry township petition.

The next step in the extension project will probably come up at the meeting of city council on May 29, when the plans will be up to the solons for approval.

## OPPOSITION TO ROBERTS FADES; TO INVESTIGATE

### Precedents Set By Two Other Cases Bring Doubt To Some

(By The Associated Press)

WASHINGTON, May 12.—Unhampered by any show of formal opposition ,the nomination of Owen J. Roberts as an associate justice of the supreme court today came up for discussion and action by the senate judiciary committee.

Following the procedure usual to such cases, Chairman Norris planned to appoint a sub-committee to examine the nominee's qualifications, making a report to the senate before next week unlikely.

Although there had been a threat of opposition from the drys, because of an address delivered by Roberts in 1923 in which he was quoted as denouncing the eighteenth amendment, this was believed to have been removed, and many at the capitol predicted that the nomination would be confirmed.

Others, however, recalling the slowly growing contests against the confirmation of Chief Justice Charles Evans Hughes, and of Judge John J. Parker, whose nomination to the supreme court was rejected last week, hesitated to forecast the outcome.

The threatend dry opposition was believed to have been dissipated largely by a statement from F. Scott McBride, general superintendent of the Anti-Saloon league, in which he said that Roberts should be confirmed if he meets the test of 'integrity of character, legal qualifications, intellectual honesty and capacity to deal with legal questions from a strictly judicial viewpoint without bias created by personal predilection."

## PETITION HERE FOR STATE PARK

### Salem Residents Asked To Sign Papers To Be Sent Cooper

Petitions demanding that Gov. Myers Y. Cooper take action in the completion of Guilford state park were being circulated in Salem and other Columbiana county cities today.

Four petitions are being presented Salem residents by Norman L. Reich, more than 500 signatures having been obtained up until noon today. The Columbiana County Fish and Game Protective organization, sponsor of the action, hopes to obtain more than 10,000 signers to the petitions in the county.

One hundred petitions are being circulated in all cities, towns and villages in the county.

Through the petitions Cooper will be urged to take immediate action and complete the concrete breast of Guilford dam this summer. The governor is asked to work with the state conservation commission and department of agriculture in the project.

The matter is being put up to Cooper because of alleged lack of interest in the Guilford project by departments which are in charge of the work at present.

## FINES IMPOSED IN LIQUOR CASE

### Defendants Committed To County Jail Pending Payment To Court

LISBON, May 12.—Carter Tucker Sr., on an affidavit filed before Probate Judge Lodge Riddle in probate court this morning by Assistant Pros. Att'y. George L. Lafferty, was fined $100 and costs on his plea of guilty to possessing liquor.

On a similar charge filed against Harry Varner, the court assessed a fine of $200 and costs. Both defendants were committed to county jail until fine and costs are paid.

Judge Riddle this morning committed David Frazier to the county jail for 10 days after he entered a plea of guilty to contributing to the delinquency of three minor children of Ellsworth Taylor by being drunk and attempting to drive the mother away from the children.

## War Veterans Send Wreath To France

Allen Reynolds post No. 892, Veterans of Foreign Wars, is sending a wreath to be placed on the grave of Allen Reynolds in France. He was a World war veteran, killed in action overseas.

This wreath will be taken to Reynold's grave by his mother, Mrs. S. M. Reynold, of Damascus, who left Monday for France to visit her son's grave.

When veterans of foreign wars organized in Salem they selected Allen Reynold's name for the post name. Mrs. Reynolds is a member of Gold Star auxiliary, Veterans of Foreign Wars.

## Street Repair Work Within Columbiana

COLUMBIANA, May 12.—East Park avenue, Columbiana, a part of State, Route 14, will be reconstructed and given a concrete top surface this summer, it has been announced by Director of State Highways Robert N. Waid.

The present paving block surface will be lifted in a number of places, and the improvement will extend east from the public square to the eastern limits of Columbiana.

## SALEM STUDENTS RECEIVE HONORS

### Sophomore Gets Highest Grade In Scholarship Contests In Ohio

Marye Louise Miller, Salem High school sophomore won first honors in the state scholarship contest held in competition with students from high schools throughout Ohio last week.

Miss Miller won the honor by scoring a perfect grade in English at Kent. She had won first honors in the district contest, held at Kent, in English and Latin examinations.

Robert Stewart, Salem, placed seventh in the chemistry tests. Salem High was awarded tenth place in school standings.

## Field Worker Will Be At Convention

Miss Wheaton, a field worker for the Northeast conference of the Methodist church, will be among the speakers at the convention of the Women's Home Missionary society of the Methodist church, Steubenville district, which will be held at the Salem church June 2 and 3.

Plans for the convention were discussed at a meeting of the local society Saturday afternoon at the home of Mrs. E. F. Gibbs, North Ellsworth ave. Miss Louise Goshen was associate hostess.

## Columbiana Records Five Sets Of Twins

COLUMBIANA, May 12.—Interesting facts concerning the recent Columbiana census include these:

Every state in the union is represented as birthplaces with the exception of Oregon, Washington and Idaho; there are five sets of twins in town; only 27 people are without at least part time employment, and of these 27, some are retired and are idle from choice.

The census shows a population of 2484, five having been added since the first report.

## GRANGERS FAVOR SALEM FESTIVAL

### District Organizations Vote To Support Fall Event In City

Members of the five granges in this district, which sponsor the Salem Farmers institute, will support the Salem Business bureau if it holds a fall festival here. These granges are: Salem, Mt. Nebo, Willow Grove, Perry and Goshen.

This decision was reached at a meeting of the executive committee of the institut Saturday evening.

An antique display will be a feature and there will be a livable living room demonstration. Anne Biebricher, home furnishing specialist, at Ohio State university, Columbus, will be in charge of this demonstration.

It was decided not to have a farm products display. The program outlined by the program committee was approved.

The committee is making an effort to secure L. J. Taber, national grange master, and C. A. Dyer, state grange officer, both of Columbus, and J. Welday, of Smithfield, fruit and poultry man, for speakers. Three plays will in included on the program.

The two last institutes have been held at the Memorial building, but it has not yet been decided where the sessions of the third annual institute will be held.

## Bad Check Charge Results In Arrest

Alleged to have passed two questionable bank checks for $10 each, Walter Berg, Salem, is being held by Salem police pending arraignment before Mayor J. M. Davidson today.

Berg was arrested by Patrolman Ralph Stoffer on a charge of passing worthless bank checks through an affidavit filed by F. Estelle Wright. He is also alleged to have issued a questionable check to Jesse Schafer.

## MURDER CHARGE FOLLOWS DEATH

**Believe Tragedy Occurred After Men Had Been Drinking At Shooter's Home**

Akron, May 12.—George Long, 56, of Columbia Heights, near Barberton, was held on a first degree murder charge today as the result of the fatal shooting last night of Harry Van Curren, 32, a neighbor.

County authorities said Long admitted shooting Van Curren because the latter was "picking on my buddy." "The buddy," Frank Dinsbister, 45, also of Columbia Heights, was held as a material witness. Officials said they were informed the three men had been drinking at Long's house.

## *CONSTRUCTION WORK ON STATE HIGHWAYS STARTS WITH SEASON*

### One Detour On State Route In Columbiana County; Many Others In Ohio; Optional Routes Excellent, For Greater Part

(Editors note: A map of all detours on state highways in Ohio is placed in the windows of The News for convenience of travelers. This map is revised weekly.)

With weather permitting construction work in Ohio highways to proceed, the highway department has launched its annual campaign to better Ohio highways for the motoring public and commercial haulers.

**Detours In Effect**

Detours are now in effect in many parts of the state as the department crews start work in surfacing dirt roads of the present state route system, re-surfacing those that have been made rough under traffic stress and widening many of the highways which are now considered dangerous in modern traffic.

Detours today, with but few exceptions ,work but little hardship on a motorist as Ohio's ever increasing network of improved roads permits optional routes to be selected over hard-surfaced highways and in many instances offer a better surface than the road under repair, although the mileage may be slightly increased.

At present but one state route detour exists in Columbiana county. That is over the Lisbon-Salem road, known as state highway No. 45. This road is being re-surfaced and re-located to eliminate some hazards which existed on the old route. When completed it will probably become a part of No. 14 and offer a straight-line route from East Liverpool to Cleveland.

**Mahoning Road Closed**

Several other detours in the north-eastern part of the state may affect Salem travelers.

Route No. 17, between Ellsworth and Deerfield is closed for five miles to permit paving. A 13 mile detour over good roads is in effect.

Paving with concrete is also in progress in North Lima. A three mile detour is necessary here.

State route No. 14 through Deerfield, Ravenna and Twinsburg into Cleveland is now open in its entirety, according to the state department, although a crossing is being eliminated and a bridge built.

### MOVIE AUDIENCES.

It has been estimated that America's attendance at moving picture theaters will reach 125,000,000 a week by the end of 1931. The average weekly attendance at the present is estimated at 100,000,000 every week, a figure which, translated into dollars and cents, means that the total annual paid admissions to American motion picture theaters is in the neighborhood of $1,560,000,000.

Figures like these belie the attitude which regards the movies as mere diversion for the American public and audiences in thirty-seven other nations accommodated by translations of American pictures. Here is the greatest informative and educational medium man has ever devised and it would be the height of folly if there were not thousands who dared to question what is being done with it. Dr. Fred Eastman, professor of religious literature and drama in the Chicago Theological seminary, whose article "The Menace of the Movies" has aroused a great deal of interest throughout the country questions thus:

"Shall we allow a handful of movie magnates, for the sake of their own poluted profits, to defeat the home, the school, and the church in the character-education of our children? And shall we permit this same handful to reach out across the seas and tarnish our good name among our neighbors by misrepresenting American life? When the movies came we all hailed them as potential educators of the first magnitude. But the movie producers have thrown away their opportunities. They have prostituted their power. . . ."

Dr. Eastman, no doubt, is looking at the situation in an entirely unfavorable light but his views are grounded in an investigation which is extensive enough to warrant thorough respect. He himself admits there are many good moving pictures—productions which are creditable to the huge industry which made them, but he points out that even these productions often are falsely advertised in order to attract crowds. He makes six suggestions, the first negative and the remaining five constructive. They are:

Refuse to trust any longer in the promises of producers that they will reform voluntarily if given time.

Break the monopolistic control which a handful of men now exercise over the movies.

Make motion pictures a public utility and establish a federal motion picture commission empowered to stimulate the production of more wholesome pictures, to prescribe adequate moral standards, and to counsel with producers regarding the nature of pictures before the expense of filming is incurred.

Empower the state department to preview pictures to be sent abroad and to prevent shipment of a film which misrepresents American life.

Reform advertising.

Help children select the shows they view.

Dr. Eastman's suggestions are, no doubt, made far in advance of any possibility of their fulfillment, but every person who realizes the unlimited power of the moving picture to establish ideals of conduct as well as to provide entertainment will grant that there is reason to be apprehensive concerning the possible effects of many productions. True, there are many good ones and it is easy to avoid the bad ones, but children, at least, have not developed that discrimination. It is entirely reasonable to expect that further growth of the moving picture industry will be supervised more carefully, if not by those in control then by social forces from the outside, with a view to bringing the material of moving pictures up to the standards established for its presentation.

## What Others Say

### TWO HUNDRED TO DIE

The death by fire of three hundred convicts caused a storm of sentiment and sympathy to sweep across the state, almost carrying off with it some official heads. Demands for pampering and protection of prisoners came from every county and seriously interfered with prompt and decisive action.

In the midst of all this commotion Hamilton county is going coolly about killing of 200 of its citizens. A great percentage of those who die will be old people and children, the defenseless. There is no outcry of sympathy for them. As each one falls he or she is just another automobile casualty. In four months and two days 61 persons have been killed. At this rate 189 will lose their lives this year.

They are sacrificed to carelessness and to speed. The ratio of fatalities to given time is following the upward turn which the death curve took last year from July to December, after speed limits had been increased, and the mounting annual toll from 1925, when 130 were killed by automobiles in Hamilton county, to 1929, when 174 died, is as much the result of more lenient speed regulation as of increased number of cars on streets and highways.

The problem as a whole is probably insoluble. The individual must decide whether he is to be careless and die or to speed and kill.—Cincinnati Enquirer.

### UNDERNOURISHED INFANTS

Many infants are below normal weight. When this condition exists it is either from improper feeding or because of some physical ailment.

Such babies need as great a total of food as normal baby of the same age. How are you going to feed such a child enough food so that it will catch up to normal weight?

So far as habits go, such babies are not very different from the normal. There must be a way found to provide for the delayed growth in some way, and this can be done by giving extra feedings.

Usually such children have diminished digestive capacity. For this reason there must be provided easily digestible food which has a high calorie value. By this I mean food that has heat-giving properties.

The undernourished child should be fed five or six times a day. Since it may take only a few ounces at a feeding, it is desirable in such a case to raise the food value of the mixture by adding one or two ounces of some dried milk preparation. This will increase the food value without adding much to the bulk.

If the baby is suffering from undernourishment from insufficient food it will soon gain under such feeding. But if it does not improve it may be because there is some infection in the system. It may be because there is some infection in the system. It may be in the middle ear, the mastoid, the nose, the throat or some other place. Your doctor should be consulted about it.

In hot weather an infant's capacity and appetite for food is much lessened. In that event not so much food is needed. But it is very important that the milk is made safe by pasteurization or by boiling and that it is kept under proper refrigeration.

All food should be handled most carefully in order not to contaminate it in any way. The hands should be kept scrupulously clean in preparing baby's food. A tiny baby's stomach and whole digestive tract are most delicate and easily upset.

The baby should be given an extra amount of water to drink during hot weather. There is much evaporation of the water from the surfaces of the body at such a time. More water must be supplied to make up for this. Give it midway between the feedings.

With the added nourishment, good care, plenty of fresh air and direct sunshine, always being careful to shield the baby's eyes, the child should make rapid progress to normal weight and good health. But in case the baby does not improve very soon your doctor should be consulted to see if there is any underlying trouble which needs treatment.

## STOMACH, LIVER AND GALL TROUBLES SOON VANISH

**Run Down and Nervous, Indigestion Lasted from One Meal to the Next. Owa-Ton-Na Brings Relief After Other Methods of Treatment Had Failed**

MISS ALICE MAYERS

"I had tried many different kinds of medicines and treatments but nothing seemed to help much," says Miss Alice Mayers, R. D. No. 2, East Canton, Ohio. "Before I had taken two bottles of this Indian Herb Remedy, Owa-Ton-Na, I felt a big change in my condition. Today I eat with a wonderful appetite, food does not distress me, my bowels act normally. Headaches and that tired, worn out feeling are gone and I now go about my work with new pep and energy.

"Dizzy spells which used to be so bad I could hardly see, have left; my nerves have improved wonderfully. I can hardly believe myself the remarkable change that Owa-Ton-Na has made in me. I feel like a new woman and certainly feel that anyone who is suffering should give this fine old Indian Remedy a good thorough trial. I will be glad to tell anyone of the remarkable benefits I have derived from Owa-Ton-Na."

Liver disorders are so often discouraging. The reason is that so few medicines really act on the liver. Owa-Ton-Na does this not by using calomel or similarly harmful drugs but by the use of nature's own roots, herbs, barks and berries. If you are suffering from this common disorder, why not learn for yourself today the good that Owa-Ton-Na has accomplished for eager health seekers all over this broad land? Sold in Salem at J. H. Lease Drug Co. Three Stores.—Adv.

## The Stars Say —

**For Tuesday, May 13**

Adverse conditions generally may be expected to prevail on this day, according to the inauspicious stellar activities. There may be setbacks, intrigues, sickness and sorrow, as well as betrayal and misrepresentation. But much depends on a philosophical way of encountering these minor anxieties, which will not be tempered by ill will, violence or rash and hasty words and deeds. Be very cautious with all writings.

Those whose birthday it is may not look for an entirely propitious state of affairs during the coming year. There may be delays, illness, sudden change and suffering through treachery or malace. But calm and philosophic attitudes may bridge over difficult situations. Be careful with speech and all writings.

A child born on this day may be restless, changeable, erratic and subtle, although clever and versatile. It may bring on trouble for itself through rash and ill-advised speech and writings.

## Salem Man Speaker At Church Service

COLUMBIANA, May 12—Church night was observed Thursday evening at the Methodist church with a large attendance.

Rev. Sidney Mayer, pastor of the Salem M. E. church, was the speaker; Mrs. C. M. Leature of Salem sang a group of songs; and Mrs. Frank Griffen gave some musical readings, accompanied by Mrs. E. T. Coyle.

The Ladies' Guild served light refreshments at the close of the social period. Mrs. J. A. Robinson was chairman for the social committee.

# SUCCESSOR TO GANDHI JAILED DURING MARCH

## Leadership Of Rebellion Now Falls On Woman; Many Armed Police

(By The Associated Press)

BOMBAY, INDIA, May 12.—His forehead besmudged with saffron, rallying color of India's fight for independence, Abbas Tyabji, 80-year-old successor to Mahatma Gandhi as head of the civil disobedience movement, was arrested at Navsari at daybreak today.

Taken with him were 30 or more volunteers who were following him to Dharsaana, where he had given notice that on Thursday he would raid the government operated salt depots. Three hundred armed police made the arrests.

The march to Dharsaana began at Karadi, just a few miles from Navsar. Before setting out from the nationalist encampment there Tyabji and his followers sang Mahatma Gandhi's favorite hymn: "The Vaishnav is He Who Knows the Calamities of Others."

Mrs. Gandhi, wife of the imprisoned Mahatma, and others then smeared the foreheads of Tyabji and the volunteers with the saffron markers, Mrs. Gandhi blessing all with the words: "May God give you strength to fight the government."

At 6:15 a. m. the procession of volunteers started out. They were followed by a horde of villagers who had remained nearby all night in the expectation that the police would appear. It was only a short distance out of Navsari that the 300 armed police were encountered and the arrests made.

With the arrest of Tyabji the title of leadership in the campaign falls on the shoulders of a woman, Mrs. Saironji Naidu, who yesterday went to Bombay to collect reinforcements from among the congress devotees.

# CONFERENCE ON TARIFF WANTED

## Power Of President At Stake; Wish To Open Sugar Debates

WASHINGTON, May 12. — The senate-house tariff conferees will make another effort tomorrow or Wednesday to reach a compromise agreement in their dispute over whether the flexible provisions of the Smoot-Hawley bill shall continue or revoke the president's authority to make emergency import duty changes.

This question has produced a wide variance of opinion among the Republican conferees. The house bill would have the president retain his power to increase or lower rates by 50 per cent, while under the senate measure, this authority would be taken over by congress.

Over the outspoken objection of President Hoover, the senate plan was written into the bill by the coalition of Democrats and independent Republicans, when it was in control of the tariff situation.

The sugar schedule again came to the front over the week end with efforts to reopen it by a concurrent resolution for the purpose of correcting an alleged error in calculating the duty on the refined product.

# DAMASCUS GIRL HONOR STUDENT

## Student At Goshen High Ranks Highest In State Contest

Jane Thompson, a student at Goshen high school, Damascus, received highest honors in French I at Columbus Saturday. The meeting was held in the senate chamber, Gov. Myers Y. Cooper awarding diplomas to the honor students.

Miss Thompson first received high honors at the county examination at Youngstown and then entered the district contest. The grade she received there was the highest in the state. Goshen high was the only school in Mahoning county to receive a first award.

C. G. Long is principal of Goshen high school and Miss Dorothy Patton is French 1 teacher.

## GUN BATTLE

with Hayes and the two gunmen dead on the floor, Altmeier wounded and the other two robbers rushing down the stairs to the street.

Witnesses said that the shooting began almost as soon as the four men entered. The condition of Altmeier was too serious to permit questioning, but police believe he was present in the beer flat with an aide to prevent a threatened extortion.

**Broke Bombing Ring**

Altmeier was credited with having uncovered the evidence that resulted in the recent prosecutions of "bomb syndicate" prosecutions.

In the past few days there have been four bombings, indicative of a revival of this method of intimidation. It is presumed that Altmeier had gone to the place on a tip that extortionists were to come there during the night.

In a holdup early yesterday at Siggert's roadhouse near Westmont, Eddie Karish, the bartender, was killed by the leader of a band of six robbers. Karish was shot when he refused to obey the bandit's command of "hands up." Leaving Karish's body where it fell, the robbers carefully searched the guests, taking about $200 in cash and some jewelry.

# Pilot Battles Passenger As Plane Wobbles Over Earth

(By The Associated Press)

NEW YORK, May 12.—Elbert "Tex" Anding, an airplane pilot, and four passengers, including two women, possibly owed their lives today to the knock out punch "Tex" packs in his right fist.

With his plane lurching and diving crazily 1,000 feet over Homes airport, Queens, yesterday, Anding fought with an intoxicated passenger for control of the stick until a blow on the jaw stretched his assailant unconscious on the floor of the cabin.

Anding was taking passengers aloft for five minute flights at $1 a trip. Two women and three men boarded the plane when he took off.

He said when he was at an altitude of 1,000 feet one of the men left his seat and coming to the pilot's place demanded to be permitted to fly the plane.

Anding ordered him back to his seat where upon the passenger attempted to wrest the control stick from his grasp.

The plane dipped and wobbled dangerously as Anding and the passenger fought for possession of the stick.

Holding the stick between his knees, Anding battled the passenger, finally ending the affair with a blow that knocked him out.

# BOARD SELECTS TEACHING STAFF

LEETONIA, May 12.—The following teachers have been employed for the school year, 1930-31, for a period of eight months with provision, if funds are available, that their contract will be extended for nine months:

High school—Rey E. Whinnery, principal; Amy C. Shinn, Chester E. Riley, Doris Shoop, Florence L. Wilhelm, Marie Rueff, Claribel Bickel, Robert E. Fowler, Louis Nichol.

Elementary—Elma Rauch, Jemima McCormick, Hazel Ginther, Helen Hart, Ida Mae Barker, Cornelia Lewis, Mary Bates, Ruth Palmer, Elizabeth Moore, Xenia Mitchel, Tillie McNulty.

Elementary—Elma Rauch, Jemima McCormick, Hazel Ginther, Helen Hart, Ida Mae Barker, Cornelia Lewis, Mary Bates, Ruth Palmer, Elizabeth Moore, Xenia Mitchel, Tillie McNulty, Lena Hassler, Murnie Gfrard, Viola Ansevin and Joseph Justice.

There are three vacancies in the elementary teaching to be filled. Misses Ruth Fritz and Julia Webber did not make application and Miss Mary Fitzsimmons resigned.

The janitors were re-hired for nine months only: L. F. Siegle, South Side; A. E. Fair, North Side, and J. S. Davis, Washingtonville.

The board of education took action prohibiting married teachers from being employed in the Leetonia school district after next year.

Seventy-nine pupils of the Leetonia public schools were taken to Lisbon Friday afternoon. Miss Elma Rauch, Miss Ruth Palmer, Mrs. Elizabeth Moore and Supt. E. P. Stonebraker accompanied the children.

Mrs. T. B. Cope was hostess to the Women's Missionary society of St. Paul's Lutheran church at her home Friday afternoon. Mrs. I. F. Mellinger was the leader.

The Thursday Reading club was entertained at the home of Mrs. Inez MacInnis. Short book review of "Alaska," Mrs. W. S. Mellinger; Scenery, "Valley of Ten Thousand Smakes," Mrs. Nellie Conrad. Miss Bertha Adam gave a review of her trip to Florida. Roll call, "Alaskan Industries."

The Sunshine Boys taught by C. S. Anglemyer held their monthly meeting in St. Paul's Lutheran chapel, Friday evening. Games and lunch were the main diversions.

Mr. and Mrs. Norman Briggs of Mishawaka, Ind., are visiting Mr. Brigg's parents, Mr. and Mrs. Andrew Briggs.

**Senior Class Play**

The senior class of Leetonia high school, under the direction of R. E. Fowler, presented a play entitled: "The Old Grouch," to a large audience in the American theater, Wednesday.

Those who had parts are: "John Crabtree," Marion Mossman; his niece, "Viola," Josephine Snyder; "Velma Crabtree," another niece, Pearl Hall; "Sophrima Brown," Helen Nahar; "Jimmie Maloney," Harold Rauch; "George Crabtree," Robert Stambaugh; "Ethel Price," Dorothy Wilson; "Buddy Thompkins," Neil Keglemyer; "Dr. Hamilton," Leroy Girard; "Mrs. Hamilton," Mary Catherine Johnson.

The high school orchestra played a number of selections. A matinee was held Thursday afternoon for school children. The play was given again Thursday evening in the Washingtonville school auditorium.

Leetonia chapter, Order of Eastern Stars, had its inspection at the Masonic lodge rooms Friday evening, preceded by a dinner at 6:30.

The class of young women of St. Paul's Lutheran church taught by Mrs. W. S. Mellinger, held a party in the chapel, Tuesday evening.

Mrs. Michael Briggs and daughter, Mrs. Roy Waddell, spent Wednesday at the home of Mr. and Mrs. William Lindsay, Sebring.

## Parents View Work Of School Pupils

COLUMBIANA, May 12.—A large number of local citizens visited the schools Friday afternoon and evening for the annual "Open House."

Exhibits of manual training, art, home economics, etc., attracted much attention, and the work of the pupils in the various grade rooms was of especial interest to parents.

A special feature during the evening was an illustrated travelogue on "Our National Parks," given in the High school auditorium by Miss Mary Avoy of Pittsburgh.

# ASKS COURT TO AID MEETING

## Wants Action Which Will Halt Step-Father From Stopping Man From Calling

When Jesse G. Stewards, 904 South Union avenue, Salem objected to John J. McCarty from calling upon his step-daughter Irene Taylor, an invalid and staying at the Stewarde home, Miss Taylor, through her counsel Boone & Campbell went into common pleas court with a petition asking for a restraining order against Stewards from interfering with the visits of McCarty to the home of Miss Taylor.

Miss Taylor has related in her petition that she has been bed ridden for several months, and that the visits of McCarty with her have been beneficial to Miss Taylor and are desired by her.

Stewards has taken a dislike to McCarty, so the petition states, and has refused to permit him to call upon Miss Taylor, and has threatened to "strike, wound and injure" McCarty. Miss Taylor has also set up the claim that she will be depressed and her health impaired if McCarty is not permitted to call on her.

# BIG DISTILLERY IN CLEVELAND

## Raiding Officers Wreck Large Plant; Was In Downtown Area

CLEVELAND, May 12.—Cleveland's largest distillery has been located just off playhouse square in the downtown business section.

Police, following a pungent odor wafted through the theatrical section, entered a three-story brick building on Brownell court early yesterday and discovered alcohol valued at $100,000 in a $30,000 plant secreted behind a steel door which appeared to be a blank wall. A tunnel led on to egress in a Prospect ave. store.

The building contained more than 37,000 gallons of industrial alcohol, 185 gallons of the redistilled product and several hundred gallons "cooking," police said. The liquor was sent down the sewers and the plant demolished.

The raiding squad, meeting what looked like a blank wall when they entered the first floor, went outside and gained the second story by another entrance. As they went upstairs a burglar alarm sounded and men were heard running, evidently escaping through the tunnel.

The second floor held a 6,000 gallon vat filled with industrial alcohol ready for redistillation, while a trap door down to the floor below led to 18 1,700-gallon steel vats with alcohol ready for "cooking."

## Farmer Ends Life

MIDDLETOWN, May 12—Charles Davenport, 70-year-old farmer killed himself with a shotgun because of "natural worries", friends said. A neighbor, Mrs. Susan Bratten, who lived two miles distant, tried suicide, police said, because of financial troubles. She is in a hospital with a bullet wound above her heart.

## Officer Tosses Tear Bomb Into Barricaded Room; Results Come Immediately

CLEVELAND, May 12.—A two-gun man, believed crazed by brooding over unemployment, barricaded himself and promised to blow off the heads of anyone who attempted to enter his room today.

Neighbors were terrorized when the man pulled guns and retreated to his room, where he issued his defies.

Police Sergeant Alex Nagorski rapped on the door and found it flung open suddenly and two guns jammed against his stomach. He retreated. Then slipped into another doorway from where he tossed a tear bomb.

The man walked out quickly. Hands high in the air, submitted to handcuffing and was taken to the police station.

**After Dinner Spit is a horrid word, but it is worse on the end of your cigar**

**. . . the war against Spitting is a crusade of decency . . . join it. Smoke CERTIFIED CREMO!**

Of course the spitter earns your disgust . . . his filthy habit is revolting. Why not feel the same way about the old-fashioned cigar . . . the cigar rolled by dirty fingers and tipped with spit? Remember, more than half of all cigars made in this country are still made *by hand*, and therefore subject to the risk of spit!

Certified Cremo protects you against this abomination! Every tobacco leaf entering the clean, sunny Certified Cremo factories is scientifically treated by methods recommended by the United States Department of Agriculture. And its purity is safeguarded along every step of the way by amazing inventions that foil, wrap and tip the cigars without the possibility of spit!

Try a Certified Cremo—see how wonderfully good it is! Made of the choicest, tenderest leaves that the crop affords, we claim Certified Cremo's quality is tastier than that of any other cigar. Don't let its 5c price stand in your way. Your physician has in mind a cigar like Certified Cremo when he recommends a mild smoke in place of heavy brands.

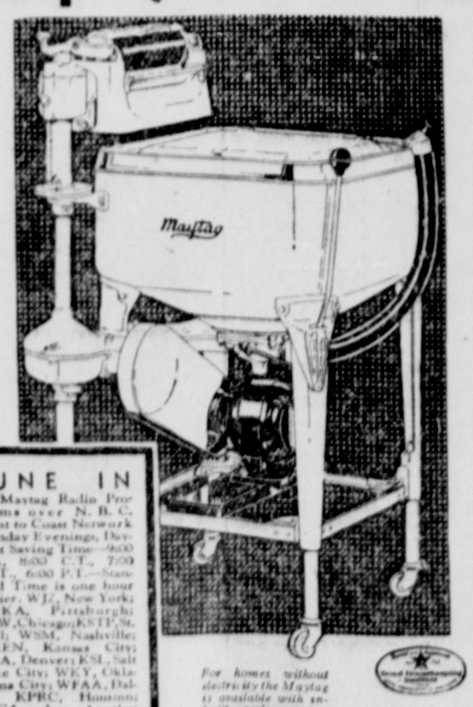

Crush-proof . . . immaculate . . . foil-wrapped . . . Certified Cremo is the kind of cigar the late Vice-President Marshall undoubtedly was thinking of when he said: "What this country needs is a good 5c cigar!"

# ROLLER COASTER LEAVES TRACKS

### Four Girls In Hospital Following Mishap Late Sunday

AKRON May 12—Four girls were in a hospital today suffering from injuries received when a roller coaster train jumped the track at Springfield lake park, just east of Akron, late last night. Six other young persons were treated for minor injuries after the accident.

The most severely injured were Sara Bolick, 24, Alliance, and Clara Marlin, 19, Margaret Bishop, 19, and Hazel Malsh, 24, all of Akron. Miss Bolick's right leg was fractured. Those released after treatment at city hospital included Robert Lembright, Alliance.

The three-car train was making its last trip of the night at the private amusement park when it left the tracks on a sharp turn at the ground level.

Deputy Sheriff Jeptha Butcher, who began an investigation at once, quoted R. M. Crawford, manager of the place, as saying that a new employe failed to apply the brakes at the proper time. The brakes previously had been tested, Crawford said.

All of the passengers suffered from shock, while the most seriously hurt had head injuries and broken limbs.

Mrs. Herman Stratton and infant daughter, Delores Jean, patients at Salem City hospital, were discharged Sunday and returned to their home, North Ellsworth ave. Mrs. Stratton before her marriage was Miss Doris Cobb.

Mr. and Mrs. R. E. Dettmer and daughter, Frances Mae, or Canton, were guests Sunday of her parents, Mr. and Mrs. E. F. Naragon, Woodland ave.

house square with machine guns and were patrolling the streets of the town. A heavy guard also was maintained about the jail, where 16 men arrested after the riots were held.

Quiet prevailed in the city all day Sunday, the troopers' greatest difficulty being in directing the traffic of swarming thousands of Sunday motorists drawn by curiosity to see the ruined court house and the Negro residence district stormed by the mob.

A military order prohibiting the congregating of more than three persons on the streets tended to discourage the sightseers.

Most of Sherman's Negro population of 1,500 to 2,000 was back at home after having fled at the inception of the mob action. Officers were paying especial attention to protecting their lives and property.

THE *New* WESTINGHOUSE ALONE COMBINES THESE 3 DESIRABLE FEATURES

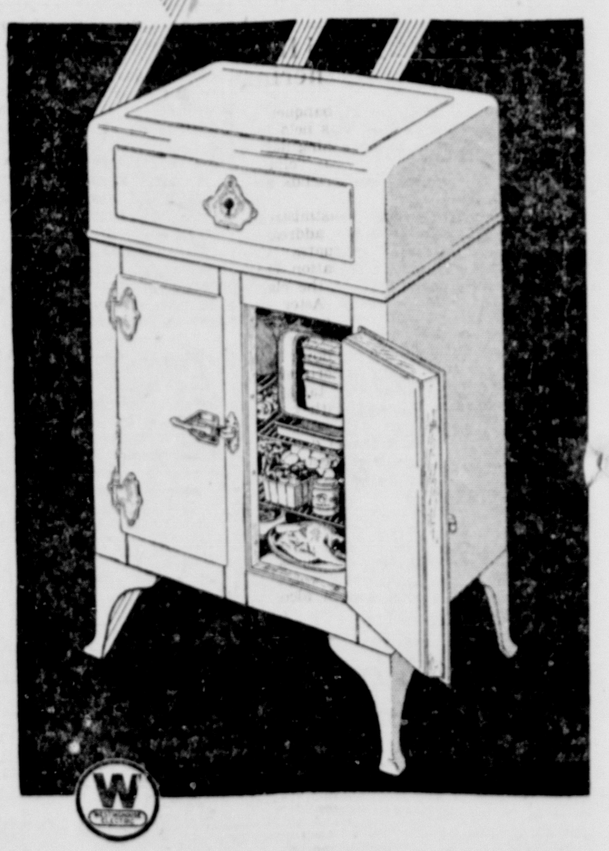

*Produced in the Westinghouse Laboratories after 12 years' experiments*

CONVENIENCE and better food preservation are the chief purposes of electrical refrigeration. But, when you buy a refrigerator, you want more than that. You choose one which has the most conveniences. In the new Westinghouse you find the *only* refrigerator which has combined the three desirable refinements in an incomparably beautiful cabinet — a refrigerator with these improvements made possible by its hermetically sealed freezing unit.

The new Westinghouse provides the *Buffet-Top* — an outside shelf that is convenient when you remove or replace food in the cold compartment. The handy *Temperature-Selector* with seven freezing speed variations — a temperature control which is practically placed in the center front panel, arm-high, where it can be adjusted with greater ease. And *Broom-High Legs* to facilitate cleaning beneath the food compartment.

Note, too, the many other excellent points which distinguish the new Westinghouse . . . the spacious, symmetrical cabinet . . . the flexible rubber ice tray from which one cube can be taken without disturbing the others . . . the "whisper" action of the motor-compressor . . . the smooth-running mechanism which has been rendered dust- and dirt-proof by the hermetic sealing of the freezing unit.

Close examination reveals other exceptional features of the new Westinghouse. When you consider buying an electrical refrigerator, by all means come in — we welcome your inspection!

# Mexican Aerial Aces Die In Plane Accident

## BIG SHIP FALLS INTO SEA; BLAME ELECTRIC STORM

### Men Were On Flight To Break Existing Mark For Distances

### HAD BEEN IN AIR FOR TWELVE HOURS

### Fliers Had Changed From Intended Course For Long Voyage

(By The Associated Press)

SAN JOSE, COSTA RICA, May 12.—The bodies of two Mexican airmen, who survived bullets but died in an electrical storm, lay today in a morgue at the Atlantic coast town Porto Limon, after a gallant but futile attempt to break the world's long distance flight record.

Col. Pablo Sidar, ace of the Mexican aviation corps, and his co-pilot and mechanic, Lieut. Carlos Robirosa, fell into the sea about three miles south of Porto Limon about 5 p. m. yesterday while flying to escape an electrical and hail storm.

With their crash, far off the planned course down the American-Pacific coasts to Chile and across the Argentine a distance of 6,000 miles, they had traveled about 1,000 miles. They left Cerro Loco (Crazy Hill) near San Geronimo, Oaxaca, Mexico, at 5:21 a. m., almost 12 hours before the disaster.

**Boats Recover Bodies**

Boats from Porto Limon recovered the bodies of the two men, that of Col. Sidar being dashed into fragments. The monoplane, of American make, and known as the "Morelos," after the Mexican independence hero, was smashed into bits.

The two airmen rose at Cerro Loco without difficulty, despite the five ton weight of their ship which carried 1,090 gallons of gasoline.

Their progress was reported occasionally throughout Sunday, and even shifting of the course from the Pacific coast to the Atlantic coast caused no anxiety, since it was presumed adverse weather conditions had been encountered on the first route.

At about 4 p. m. the plane passed over Porte Limon flying south along the coast. A few minutes later as the skies were darkening with an approaching storm, it re-appeared, apparently making for the town to land and as the first drops of rain fell the plane wobbled and was seen to fall into the sea.

**Search for Third Man**

Boats soon recovered the bodies of the two airmen from the shallow water into which the plane fell. Search continued for the body of a third man, a mechanic named Enriquez, who at first was believed to have been aboard the plane, but whose presence later was denied. The bodies will be sent to Mexico.

Cause of the accident was undetermined, but it was believed to the unusual weight of the plane together with hazardous atmospheric conditions brought on by the approaching storm caused the crash.

Col. Sidar largely had taken the place in Mexican affection left vacant with the death of Carranza, just 27 years old, he had earned a name for daring and skill. During the revolution of a year ago his observer once was shot dead in the plane beside him.

## Hanover Alumni In Annual Gathering

The annual alumni banquet of Hanover High school was held Saturday evening in the dining hall of the Hanover Christian church. Over 80 members and friends were present.

Evelyn Fife was toastmistress.

Frank Fultz gave the address of welcome to the graduates who were guests of the association. Daniel Furey responded for the class.

Donald Raley, Mary Aster and Richard T. Speidel spoke on "Yesterday, Today and Tomorrow." Mr. McFall, principal of Hanover High school, and County Superintendent Leonard gave interesting talks. Miss Ruth Palmer favored with a vocal solo and Kathryn Fife and Mrs. Herman Deville, a piano duet.

Richard Speidel was elected president and Helen Carle, secretary for the coming year.

## KNIGHTS CLOSE AKRON MEETING

### "Big Brother" Movement Is Topic Of Officer During Lecture

AKRON, May 12.—Election of state officers and a grand inaugural ball today closed the 31st annual state convention of the Knights of Columbus.

The convention was formally opened last night with delegates on hand from almost every city in the state. Clarence Spraul, Cincinnati, district deputy, and Pat J. Kirwin, Columbus, past state deputy, presided.

Spraul told of the "big brother" groups working for the reclamation of delinquent youths. "Members of our order are doing wonderful work for better manhood and womanhood," he said. "This is a splendid demonstration of charity, one of our cardinal principles, and it is a phase which is attracting favorable attention."

## TODAY

(Continued From Page 1.)

ing. One patient came to him in a bad condition, his blood 60 per cent below par, apparently headed for pernicious anemia. He had been living without meat, attempting to reduce weight.

DR. STIEGLITZ prescribed for him three heavy blood transfusions, which he was able to stand. They greatly improved his blood count. Then said Dr. Steiglitz: "You cannoa live on other people's blood. I want you to eat a big porterhouse steak every day and build up your own blood."

The patient obeyed, his blood count went to normal, and instead of going to the grave, for which he was headed, he is back attending to business.

THIS IS PRINTED AS a warning against food fads, also to encourage farmers who raise steers and sheep, and Mr. White of the Armour company and Mr. Swift of his company and others that sell the meat.

We have in our mouths the teeth of wolves and of sheep, also part of the character of each. And we need the food of wolves and of sheep, meat vegetables, fruit, plenty of it, and sour milk, especially in old age, to attack the intestinal bacteria.

A man's work is to cultivate the earth and wise Providence has made him need all the earth's products.

It is unpleasant to disturb the kindhearted vegetarian theory. But every competent doctor knows that the genuine vegetarian is usually more or less anemic.

# Salem High Wins Sixth Consecutive Track And Field Title

## THE DAY In Sports

DISTRICT MEET SATURDAY
PALESTINE DETERMINED

SCHOLASTIC TRACK and field squads from the northeastern Ohio district will congregate at Reilly stadium again this year for the annual struggle for sectional honors, won last year by Canton McKinley after a close battle with Salem High, the 1928 victor. Competition will be held in both Class A and B divisions.

EAST PALESTINE High, defeated by the Red and Black in the county meet last Saturday, is expecting to be one of the main contenders for the honor despite its recent reverse. Hold the post mortem over this setback, the Brown and White team's mentor, slightly downcast because of his crack team's failure to outclass the Stonemen, remarked to a Salem audience, "Tell Salem that we're going to beat them Saturday" and will be determined to accomplish just that.

**Palestine has an outstanding track and field aggregation for a school of its size. It is to its credit that it gave Salem High such a close race for the team instructed by Coach Floyd Stone has already proven its superiority over such schools like Canton McKinley, Niles, Warren, John Adams of Cleveland and many others by more decisive margins than the defeat handed the Wardmen.**

JUST AS COACH STONE is in line for congratulations for his team's vicory, so are officials in charge of the county meet. It was the first time in many years that the county meet was run off according to schedule, it being over at 4:05. Harry Bloom, secretary of the Allegheny Mountain association of Pittsburgh was referee with George Thompson, popular Akronite, starter. Fred Paxson and George R. Vollmer assisted in timing running races.

FANS HERE WONDER what the outcome of the meet would have been were Coach Ward's novel scoring plan used at the meet. Meaning of course his point-per-man system in which it is a handicap for schools to have a large enrollment of boys while smaller schools gain great advantages.

Here's the way te meet would have resulted:

First, Palestine, total of 334; second, Salem, 295; third, Columbiana 114; fourth, Lisbon, .078; fifth, Wellsville .036; seventh, Liverpool, .002.

About the only schools that would have objected would be Columbiana for Ward's system shows the Red and White to be the Class B champ instead of Lisbon. As for the Class A result, if Palestine should ever score 56 1-2 points with this system in effect, the only way Salem can win is to score 156 1-2 or thereabouts.

## Five Records Fall As Red And Black Takes Honor In Close Meet

### Dope-Upsetting Performances Factors In Victory By Stonemen; William Smith, Harold Walker Crack Records; East Palestine Second

Involved in the keenest Columbiana county track and field competition held in more than a decade, athletes from Salem High were forced to flash surprising dope-upsetting performances in six events and establish new county records in two others to nose out a delegation of East Palestine High trackesters at Lisbon fair grounds Saturday afternoon.

**Influenced by a blazing sun that made conditions for the event ideal, five athletes surpassed old marks and created new records for the record-book while Coach William Ward's Brown and White thinclads, principles in creation of three of the changes in county records, scored 56 1-2 points to finish runner-up to Coach Floyd Stone's team by the slight margin of five points.**

**Salem High's victory marked the sixth consecutive county track and field title won by the Red and Black and was also a continuation of supremacy shown by athletes tutored by Coach Stone in all lines of county athletic competition.**

Exigencies of the occasion demanded near-record breaking performances in practically every event included in the afternoon's activities. Competition was close between the Red and Black entrants and Palestine contestants throughout, in fact it was the closest fought county meet held since Salem, Wellsville and Columbiana tied for the title more than ten years ago, with 31 points each.

**Salem Wins Seven Firsts**

The battle was a two-way affair all through the meet, Salem and Palestine taking a monopoly on first places and shared honors in this accomplishment with the annexation of seven each. Both also took five seconds but in the third places the Red and Black had its margin of victory, six of the Stonemen finishing in that position to one by Palestine. The Brown and White, however, had four fourths to one by Salem. Detailed standings at the meet's close follow:

Salem 61 1-2; East Palestine 56 ½; Lisbon 11; Columbiana 10½; Wellsville 8; Leetonia 5½; East Liverpool one.

Myron Whinnery, Harold Walker, William Smith, Ed Beck, Irwin Beck, all of Salem, and the Brown and White's "Big Four", Russell Van Fossan, Ed Smith, Clayton Schindler and Ross Wertz, starred where individual performances are concerned. Whinnery came within fractions of a second twice of entering the Hall of Fame in his victories in the 100 and 220-yd dashes while Ed and William Smith, Walker, Schindler and VanFossan cofeatured in creating marks for the record-album.

**W. Smith Cracks Record**

W. Smith registered the outstanding mark of the day with his throw of 122 ft. 10 in. in the discus, an achievement which surpassed the state record held by Swartz of Cleveland Lakewood and established in 1926 by seven and one-half inches. Incidentally Smith also broke his own county discus record of 112 ft. 2 in. created last year.

Schindler broke the county low hurdle record, held for four years by James S. Gregg of Salem at 27 seconds. Schindler's record is 26.2 seconds.

E. Smith erased from the books the high hurdle record of a year ago, held by E. Fitch of Lisbon, racing the event in 16.2 seconds, exactly one second faster than the old record.

Harold Walker, forced to the limit in the mile by Ken Wagonhauser, Leetonia star distance runner, ran the event in 4 min. 41.2 seconds bettering his 1929 record by three-tenths of a second.

**M. Whinnery Stars**

Myron Whinnery's near-record races in the dashes in which he easily out-distanced Wertz, were the outstanding sensations of the afternoon. Whinnery, doped to finish second to the Palestine speed merchant, ran his fastest races of the year, beating his opponent by two-yards in the century and four yards in the longer race.

The Salem lad came within less than a half second of records in both races, running the 100 in fast time of 10.4 and the 220 in 22.8.

Such dope-upsetting occurrences really won the meet for Salem High. Blackburn, Lisbon star pole-vaulter, reported the leading athlete in his event in this district, was defeated by Ed Beck of Salem in another of these surprises while his twin brother, Irwin, came through with a spectacular finish in the half-mile to defeat Hartford of East Palestine. Ed won the vault at 11 ft. 9 in., while Irwin raced the 880 in 2 min. 7.2 sec. not far from Leonard Perkins' four-year-old record.

**Sidinger Surprises**

The Red and Black received unexpected points in the high jump when a freshman, hitherto practically unheard of, one Perne Sidinger, jumped 5 ft. 6 3-4 in. to tie for second with Metz of Columbiana. Ed Smith won the event at 5 ft. 9 3-4 in. Another yearling, Keith Harris, added two points to Salem's score with a third in the half mile, finishing in 2 min. 8.1 sec.

In the broad jump Henry Reese and Donald Lease captured five points, leaping over 19 feet to take a second and third, respectively. Reese also finished second in the low hurdles, while Jack Carpenter, Salem sophomore, was a close third.

**Salem In Lead Early**

In the first five events run off, Salem took every first and apparently was enroute to another easy victory. In fact it looked like a repetition of meets of the past four years in which the Red and Black easily overwhelmed all opposition. In later events, however, the Wardmen flashed through with points with astonishing rapidity and with three more events scheduled, were only seven points behind.

Salem took first and third in the half-mile, however, and then two more in the broad jump to clinch the title which comes to this city for the sixth consecutive time.

**Terry Near Record**

John Terry, Salem, came within one and one-half inches of tieing the record in the shot put, pushing the iron weight for a distance of 44 ft. 11 1-4 in. The record is held by Collela of Palestine at 45 ft. 1 1-2 in. W. Smith was third in the event.

Salem failed to score in only three events, the 440, javelin and mile relay. In the 440, Horstman, promising quarter-miler, was running in second position until 30 yards from the finish when he became ill and was forced to withdraw from the race. In the javelin Salem's entrant, Raymond, was one inch from a fifth place, while the relay team was outclassed.

Harold Walker was given his best race of the year by Wagonhauser in the mile and finished ahead only by a last second spurt. In the half mile Irwin Beck flashed the most spectacular finish to finish 15 feet ahead of Hartford while Keith Harris was third by a slight margin.

Ed. Smith was high individual point-scorer in the competition, scoring 16 points, Wertz was second with 11½, while Myron Whinnery was third with 10. Bill Smith, with seven, rated fourth.

## SAXONS AWARDED TROPHY CUPS AT EVENT SATURDAY

Honoring the Salem Saxon basketball team for its titular-winning accomplishments in the Penn-Ohio German league during the 1929-30 season, more than 500 persons attended the annual get-together of league officials and cage fans here Saturday night.

The Salem team received two silver trophy cups, one for permanent possession and another to remain in this city for one year. Members of the team were awarded gold basketball charms.

John Roth, Salem manager, was master of ceremonies. Talks were given by W. J. Schneider and William Schneider, Cleveland; George Konnerth and F. K. Schuller, of Salem; Adam Schmidt, Farrell, Pa., league officials and other speakers who paid tribute to the league for its activities.

Fred Miller of Homestead, Pa., was awarded the Schmidt trophy, given by Adam Schmidt as a memorial to his deceased father. Miller was adjudged most valuable player in the league.

## Lisbon Noses Out Columbiana For County Class B Laurels

### Blackwell Proteges Win Laurels Saturday By Scoring 11 Points

Lisbon high competing against Salem and East Palestine in Saturday's Columbiana county meet at the county fair grounds, tallied only 11 points in 14 events but registered a sufficient total to secure one-year possession as 1930 track and field Class B champion.

The county seat athletes took one second, two thirds and four-fourths to nose out Columbiana by a one-half point margin, the Red and White aggregation registering only 10½. Columbiana scored a second and tie for second, two thirds and one-fourth.

Coach Blackwell's charges scored in the pole vault, 220 high hurdles, javelin and broad jump. Its greatest total came in the vault where Blackburn and Bye took second and third, respectively.

**Defeated In Relay**

Columbiana had an opportunity to finish ahead of the Lisbonites in the mile relay, needing a first place to cop meet honors. Palestine's speedy quartet however, finished 20 yards ahead of the Red and White anchor man.

Leetonia, the third Class B team to compete scored only 5½ points Kenneth Wagonhauser scored three of this total in the mile run. Two more came in the broad jump and one-half point was tallied in the pole vault.

A cup is awarded to winners in both Class B and A winners but members of each division must compete in same events together.

## TWO KILLED IN PLANE ACCIDENT

**Mother's Day Visit Becomes A Tragedy When Airplane Goes Into Spin**

SANTA ROSA, CAL., May 12.—It was Mother's Day, and Robert Smith, 18, decided to fly home from Modesto, Cal.

Fay Berry, 25, of Modesto, an aviation student volunteered to pilot an airplane to the ranch home of Smith's mother, Mrs. Joseph Smith, near here. The two young men were accompanied by Berry's brother, Arnold Berry, 23.

Preliminary to landing, the pilot flew over the ranch buildings in order to attract the family. The ship nose-dived and crashed.

Death came with the fall for the pilot. Arnold Berry died a few hours later in a hospital. Robert Smith, suffering cranial and spinal injuries, today was not expected to recover.

Mrs. Smith, standing beside her husband to wave a welcome, witnessed the tragedy.

## COURT NEWS

**Seeking Alimony**

Alimony is sought in a petition filed in common pleas court by Eula B. Strawn through her counsel Billingsley & Moore of Lisbon against her husband J. Donald Strawn. They were married at Salem, Jan. 14, 1909, and the only child is now married. The parties have been separated for the last five years, and since July 1, 1929 the defendant, so the petition relates has failed to contribute to the the support of his wife.

**Case Now Resumed**

The case of Nellie Whitcombe against the industrial commission of Ohio which went to trial before a jury in common pleas court last Friday morning was resumed at 1 o'clock this afternoon. The plaintiff has appealed from a decision of the Commission, wherein her claim for compensation was denied, following the death of her husband.

ONLY THE GENERAL ELECTRIC has these exclusive features

THE GENERAL ELECTRIC REFRIGERATOR is a marvel of simplicity . . . and efficient, economical operation.

Its motor and all the simple mechanism are sealed up tight in one sturdy steel casing—together with a *permanent* supply of oil. This makes the mechanism dirt-proof, moisture-proof . . . and trouble-proof. The accessible freezing regulator makes it possible to speed up the freezing of ice cubes or desserts at will. The cabinet is *all-steel* throughout . . . warp-proof . . . strong and sturdy as a safe.

Hundreds of thousands of users have learned that it *costs less* to own a General Electric. In over three years not one owner has had to spend a cent for service. *The first cost has been their last cost.*

"Where are my glasses?"

To be deprived of your glasses, even for a day, results in serious discomfort and often a headache

If your glasses are mislaid or broken, it is a great convenience to have a pair in reserve.

A second pair may save you a day's worry and annoyance.
